Lead Product Designer / Design Manager

SUMMARY

Design leader with 11 years across product design and team leadership. Currently Lead Product D

EXPERIENCE

Lead Product Designer - Helio Cloud - Mar 2021-Present

- Manage 3 product designers (hiring, 1:1s, growth plans, performance)
- Set design quality bar across platform and growth squads
- Partner with VP Product on quarterly roadmap themes and investment bets
- Led redesign of admin permissions model used by enterprise customers
- Built critique rituals and a hiring loop (portfolio screen + design exercise)
- Reduced time-to-first-critique for new joiners from 3 weeks to 5 days

Senior Product Designer - Arcadia Health - 2017-2021

- Owned clinician workflow redesign for a care coordination product
- Collaborated with research on diary studies and shadowing
- Established early design system foundations later adopted company-wide
- Mentored two mid-level designers into senior-ready portfolios

Product Designer - Studio North - 2014-2017

- Delivered end-to-end digital products for retail and civic clients
- Facilitated discovery workshops with stakeholders
- Shipped responsive web and mobile experiences

EDUCATION

MA Interaction Design - Royal College of Art - 2012-2014

BA Graphic Design - University of the West of England - 2009-2012

SELECTED IMPACT

Enterprise permissions redesign

- Problem: support burden and security risk from brittle role models
- Approach: service blueprint, threat modeling with security, progressive rollout
- Outcome: fewer critical support escalations; clearer admin mental model

Design org operating system

- Built hiring scorecards, leveling language, and critique cadence
- Outcome: more consistent hiring decisions and faster designer growth
