Graduate Product Designer

SUMMARY

Recent design graduate looking for a junior product design role. Comfortable in Figma, enjoy re

EDUCATION

BA Design - University of Leeds - 2022-2025

- Dissertation: redesigning the student housing search experience for first-year students
- Modules: Interaction Design, Visual Communication, User Research Methods

EXPERIENCE

Product Design Intern - Northloop Health - Jun 2024-Sep 2024

- Redesigned appointment booking flows in Figma with a senior designer
- Ran 5 usability tests with patients; summarised findings for the product team
- Contributed UI components to the early design system library

UX Design Intern - Civic Labs - Jul 2023-Aug 2023

- Wireframed a council services prototype for booking bulky waste collection
- Mapped the end-to-end journey with service owners
- Presented weekly critique to a mixed design and policy audience

PROJECTS

Student Housing Finder (university project)

- Problem: first-years struggled to compare messy private listings
- Role: research, wireframes, hi-fi prototype in Figma
- Outcome: prototype tested with 8 students; task success improved in moderated tests

Campus Food Waste App (hackathon)

- Designed a simple flow for students to claim leftover cafe food
- Focus: accessibility, clear next steps, trust

SKILLS

Figma - Wireframing - Prototyping - User Interviews - Usability Testing - Affinity Mapping - De

INTERESTS
